PROFESSIONAL SUMMARY

Computer Science undergraduate with hands-on experience in Frontend Web Development and Java programming, along with practical knowledge of Android application development. Skilled in building responsive web interfaces using React.js, HTML, CSS, and JavaScript, React.js and developing Android applications using Kotlin and Jetpack Compose. Currently expanding expertise in the MERN stack and DevOps while seeking a Full Stack Development internship to contribute to real-world software projects and grow as a software engineer.

EDUCATION

B. Tech in Computer Science & Engineering

NIMS University, Jaipur, Rajasthan

CGPA: 8.45/10 (Up to 5th Semester) | Graduation Competition: 2027

TECHNICAL SKILLS

Programming Languages: Java, Python, JavaScript, C++, C

Frontend: HTML, CSS, JavaScript (ES6+), React.js

Database: MongoDB, MySQL

Tools & Platforms: Git, GitHub, Visual Studio Code, Android Studio

Core Subjects: Data Structures & Algorithms, Object-Oriented Programming, Database Management System, Operating Systems, Computer Networks

PROJECTS

Skill Swap | React.js, MongoDB, Git, GitHub (Group Project)

- Collaborating in a three-member team to develop a MERN-based platform that enables users to exchange and learn skills.
- Designed and developed responsive frontend interfaces using React.js with a focus on usability and modern UI principles.
- Contributed to reusable UI components, routing, and collaborative Git workflows.
- Participated in feature planning, branch management, and code integration through GitHub.

Nexus Notes | Kotlin, Jetpack Compose, MVVM, Room Database

- Developed a modern Android note-taking application following the MVVM architecture.
- Implemented CRUD operations, PIN protection, theme customization, note sharing, and trash/restore functionality.
- Used Room Database for offline data persistence and Jetpack Compose for responsive UI development.
- Applied clean architecture principles to improve maintainability and scalability.

Responsive Website Clones | HTML, CSS, JavaScript

- Developed responsive clones of multiple commercial websites including Flipkart, Swiggy, Groww, and MakeMyTrip & minor project Student Attendance Page.
- Focused on responsive layouts, reusable UI design, and pixel-accurate implementation.

- Strengthened frontend development skills through practical implementation of modern web design concepts.

ACHIEVEMENTS & CERTIFICATIONS

- [Smart India Hackathon \(SIH\) 2025](#) – Nominated by NIMS University as a team member.
- [AICTE Virtual Internship](#) – Digital Forensics Investigation.
- [SkillCraft Technology](#) – Software Development Certificate.
